Such modular building units are normally designed to be assembled together to form permanent buildings.

Additional Note

- 1. For the purposes of heading 9404, the expression "stuffed or internally fitted with any material" covers material of any thickness.

2. This chapter includes articles in which natural or cultured pearls, precious or semi-precious stones (natural, synthetic or reconstructed), precious metal or metal clad with precious metal constitute only minor constituents.
 3. Subject to note 1 above, parts and accessories which are suitable for use solely or principally with articles of this chapter are to be classified with those articles.
 4. Subject to the provisions of note 1 above, heading 9503 applies, inter alia, to articles of this heading combined with one or more items, which cannot be considered as sets under the terms of General Interpretative Rule 3(b), and which, if presented separately, would be classified in other headings, provided the articles are put up together for retail sale and the combinations have the essential character of toys.
 5. Heading 9503 does not cover articles which, on account of their design, shape or constituent material, are identifiable as intended exclusively for animals, for example, 'pet toys' (classification in their own appropriate heading).
 6. For the purposes of heading 9508:
 - (a) the expression 'amusement park rides' means a device or combination of devices or equipment that carry, convey, or direct a person or persons over or through a fixed or restricted course, including watercourses, or within a defined area for the primary purposes of amusement or entertainment. Such rides may be combined within an amusement park, theme park, water park or fairground. These amusement park rides do not include equipment of a kind commonly installed in residences or playgrounds;
 - (b) the expression 'water park amusements' means a device or combination of devices or equipment that are characterised by a defined area involving water, with no purposes built path. Water park amusements only include equipment designed specifically for water parks; and
 - (c) the expression 'fairground amusements' means games of chance, strength or skill, which commonly employ an operator or attendant and may be installed in permanent buildings or independent concession stalls. Fairground amusements do not include equipment of heading 9504.

This heading does not include equipment more specifically classified elsewhere in the nomenclature.

Subheading note

1. Subheading 9504 50 covers:
 - (a) video game consoles from which the image is reproduced on a television receiver, a monitor or other external screen or surface;
or
 - (b) video game machines having a self-contained video screen, whether or not portable.

This subheading does not cover video game consoles or machines operated by coins, banknotes, bank cards, tokens or by any other means of payment (subheading 9504 30).

Additional note1. *Subheading 9505 10 covers:*

- (a) *articles that are broadly recognised as traditionally used at Christmas festivities and exclusively manufactured and designed as articles for Christmas festivities.*

These are:

(1) articles associated with the nativity (i.e. articles for the traditional Christmas crib), such as nativity figures, nativity animals, Bethlehem stars, the three nativity kings, and nativity scenes;

(2) articles recognized as being used at Christmas festivities due to long standing national traditions, such as:

- artificial Christmas trees,*
- Christmas stockings,*
- imitation yule logs,*
- Christmas crackers,*
- Father Christmases with or without a sledge,*
- Christmas angels.*

The subheading does not cover articles of the winter season which are suitable for a more general use as decorations during that season, because their objective characteristics suggest that they are not exclusively used for Christmas festivities but mainly as decorations during the winter season, such as icicles, snow-crystals, stars, reindeers, robins, snowmen, and other images of the winter season, whether or not the colours or outfits etc. suggest a connection with Christmas.

- (b) *decorative articles for Christmas trees.*

These are articles designed to be hung on a Christmas tree (i.e. lightweight articles of generally non-durable material designed to decorate a Christmas tree).

In heading 9603, the expression 'prepared knots and tufts for broom or brush making' applies only to unmounted knots and tufts of animal hair, vegetable fibre or other material, which are ready for incorporation without division in brooms or brushes, or which require only such further minor processes as trimming to shape at the top, to render them ready for such incorporation.
4. Articles of this chapter, other than those of headings 9601 to 9606 or 9615, remain classified in the chapter whether or not composed wholly or partly of precious metal or metal clad with precious metal, of natural or cultured pearls, or precious or semi-precious stones (natural, synthetic or reconstructed). However, headings 9601 to 9606 and 9615 include articles in which natural or cultured pearls, precious or semi-precious stones (natural, synthetic or reconstructed), precious metal or metal clad with precious metal constitute only minor constituents.
